

# IEK WEEKLY NEWSLETTER

WEEK 4 | OCTOBER 2025

## SPECIAL EDITION: A TRIBUTE TO RT. HON. (ENG.) RAILA AMOLO ODINGA, C.G.H, FIEK

### Honouring a Visionary of Engineering, Infrastructure, and National Transformation

Inside this issue:

- Raila Odinga's Engineering Legacy: From Lecture Halls to National Landmarks
- The Architect of Devolution and Infrastructure Governance
- African Union Vision: Connecting a Continent through Engineering

Full story on Page 2

### Partnerships

IEK Strengthens Ties with Chinese Engineers: New steps agreed under CAST-IEK Partnership.

Full story on Page 10

### The Engineers' Corner

This Week's Feature Interview: Eng. David Jomeli (Malidadi) - Civil Engineer.

Full story on Page 13

## 32<sup>ND</sup> IEK INTERNATIONAL CONVENTION

Engineering the future: The Roadmap for Kenya

25th - 28th November 2025 | Pridelinn Paradise Beach Resort & Spa, Mombasa County

### Lipa Mapema!

19	<b>Important Updates</b>

Dear Member,

The IEK Weekly Newsletter offers a roundup of recent Institution of Engineers of Kenya (IEK) events and upcoming ones, activities by the various committees, and any upcoming developments that affect Engineers and the Built Environment.

This newsletter is a roundup of activities in the 4th Week of October 2025 (IEK/NL/0161).

# 32ND IEK CONVENTION: IMPORTANT DEADLINES

# 32<sup>ND</sup> IEK INTERNATIONAL CONVENTION

**Engineering the future: The Roadmap for Kenya**

25th - 28th November 2025 | Pridelnn Paradise Beach Resort & Spa, Mombasa County

# Lipa Mapema!

**10<sup>TH</sup>  
NOVEMBER  
2025**

**FINAL REGISTRATION  
DEADLINE AND  
PAYMENT**

**Collection of Badges will begin  
from 3:00 PM to 6:00 PM on  
24th November 2025.**

### CONVENTION CHARGES

	IEK Member in good standing	IEK Member not in good standing*	Non-Members
<b>Physical Attendance</b>			
<b>Early Registration</b> (before 22nd Sept)	Kshs. 55,000	Kshs. 60,000	Kshs. 60,000
<b>Late Registration</b> (after 22nd Sept)	Kshs. 60,000	Kshs. 65,000	Kshs. 65,000
<b>Virtual Attendance</b>			
<b>Early Registration</b> (before 22nd Sept)	Kshs. 15,000	Kshs. 20,000	Kshs. 20,000
<b>Late Registration</b> (after 22nd Sept)	Kshs. 20,000	Kshs. 25,000	Kshs. 25,000

\* By the date of registering for the Convention

**International Delegate**

**Physical Attendance** USD550    **Virtual Attendance** USD250

**RT. HON. (ENG.) RAILA AMOLO ODINGA,  
C.G.H, FIEK**

**7<sup>th</sup> January 1945 - 15<sup>th</sup> October 2025**

The Institution of Engineers of Kenya (IEK) Council, Membership and Staff join the nation in mourning **Rt. Hon. (Eng.) Raila Amolo Odinga EGH, FIEK, The People's Engineer**, a visionary leader whose enduring contributions to engineering, governance and nation-building, and whose spirit of innovation and unwavering commitment to the people, will remain a guiding light for all who serve in building Kenya's future.

**May his soul rest in eternal peace.**

# The People's Engineer

**Rt. Hon. (Eng.) Raila Odinga's Contributions to Engineering and Infrastructure**

## ENGINEER BY TRAINING AND EDUCATOR

- Earned an MSc in Mechanical Engineering from the Technical University of Magdeburg, East Germany (1970).
- Served as a Lecturer in the Department of Mechanical Engineering, University of Nairobi (1970-1974), inspiring a generation of young engineers.
- Instrumental in establishing the Kenya Bureau of Standards (KEBS), setting the foundation for national engineering and quality assurance standards.

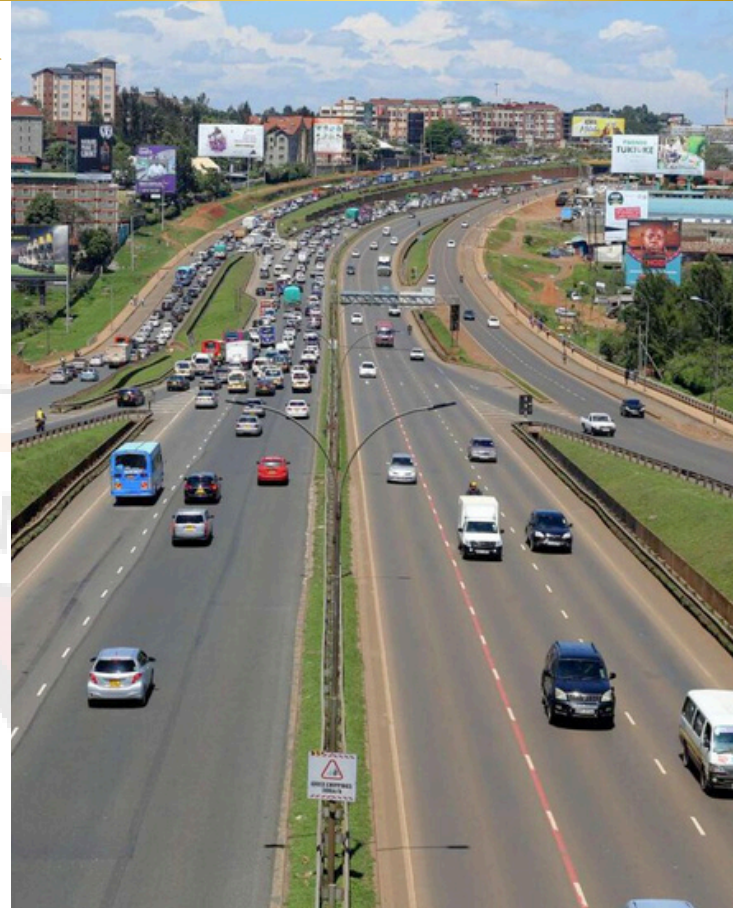

## INDUSTRIAL AND ENTREPRENEURIAL IMPACT

- Founded East African Spectre Ltd, a pioneering manufacturing firm for gas cylinders in East Africa one of Kenya's earliest private engineering enterprises.
- Advanced local industrial capacity and demonstrated the role of engineering entrepreneurship in nation-building.

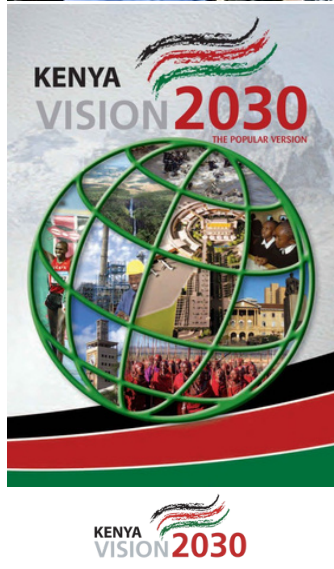

## INFRASTRUCTURE TRANSFORMATION IN GOVERNMENT

- As Minister for Energy (2001–2002), implemented reforms that modernized Kenya's power sector, including:
  - Expansion of the Rural Electrification Programme.
  - Restructuring of the electricity sub-sector (KenGen, KETRACO, KPLC).
  - Promotion of geothermal energy exploration, positioning Kenya as a continental leader.
- As Minister for Roads, Public Works & Housing (2003–2005), he:
  - Oversaw modernization of national trunk roads and urban networks.
  - Conceptualized the Nairobi–Thika Superhighway.
  - Strengthened the Road Maintenance Levy Fund (RMLF) for sustainable infrastructure financing.

## CHAMPION OF DEVOLUTION AND INFRASTRUCTURE GOVERNANCE

- As Prime Minister (2008–2013), he guided policy formulation for the 2010 Constitution, which devolved public works, roads, and energy services to counties empowering regional engineers and planners.
- His tenure oversaw the rollout of flagship projects under Kenya Vision 2030, a framework he strongly supported and helped operationalize. These included:
  - The Thika Superhighway, a symbol of Kenya's modernization and engineering prowess.
  - The modernization of Jomo Kenyatta International Airport (JKIA) and expansion of Kisumu International Airport, improving connectivity and trade logistics.
  - The development of Nairobi's bypass network Eastern, Northern, and Southern to decongest the capital and promote regional mobility.
  - The rehabilitation of key national trunk roads and initiation of county-level road units that later evolved into the Kenya Urban Roads Authority (KURA) and Kenya Rural Roads Authority (KeRRA).

## PAN-AFRICAN INFRASTRUCTURE VISION

As African Union High Representative for Infrastructure Development (2018–2023), he championed:

- The Continental Infrastructure Master Plan (PIDA), advancing a unified framework to connect Africa's railways, highways, ports, and energy grids, and aligning national projects with the African Continental Free Trade Area (AfCFTA). Through this role, he advocated for policy harmonization, sustainable financing, and the inclusion of African engineers in the design and implementation of strategic transboundary projects.
- Regional flagship projects such as the LAPSET Corridor (Lamu Port–South Sudan–Ethiopia Transport Project), which he promoted as a catalyst for trade integration, industrial growth, and regional stability. He emphasized that such projects must prioritize local engineering capacity, technology transfer, and environmental resilience.

## ADVOCATE FOR KENYAN ENGINEERS

He consistently advocated for the empowerment of local engineering capacity, and:

- Pushed for local content in infrastructure contracts, insisting that Kenyan and African engineers, contractors, and manufacturers be given priority in the design, execution, and supervision of major public projects. He viewed local participation not only as an economic imperative but as a path to self-reliance, innovation, and job creation within the engineering profession.
- Called for enhanced funding and modernization of technical universities, polytechnics, and research institutions, emphasizing the need to align engineering education with emerging technologies and industrial demands.
- Emphasized that industrialization and engineering are the backbone of Africa's transformation, often linking sustained economic growth directly to engineering capacity.

## IEK Strengthens Ties with Chinese Engineers: New steps agreed under CAST-IEK Partnership.

Tuesday, 14<sup>th</sup> October 2025

The President of the Institution of Engineers of Kenya (IEK), Eng. Shammah Kiteme, met with ZHANG BIN, the Deputy Director General CAST and Deputy Secretary General, Chinese Society of Engineers (CSE). They reviewed the implementation of the CAST-IEK MoU and agreed on a number of steps to be taken going forward including:

- Exchange of technology, ideas through events and meetings organised by both organisations. Annual exchange forums will be organised under FAEO and there will be mutual exchange of ideas.
- Each year CSE will invite Engineers to study in China through this partnership. This will give way to extensive cooperation between the two organisations including co-creating and co-building resources for CPD for Engineers in China and Kenya.

- CSE will support IEK with resources and expertise in Mining, Manufacturing and underground infrastructure through including integrating resources in platforms to be shared with Engineers in both countries.
- CSE as a member of International Engineering Alliance will continue promoting Mutual Recognition Agreement by creating effective pathways for mobility of Engineers in both countries through cooperation and study of qualifications of degrees for both countries to understand competence assessments and how they compare.
- As part of collaboration between CAST and IEK 20 Kenyan Engineers will be visiting China this year from 17th to 24th October and CSE will engage the delegation at Guanzhou during the Canton tour.

## IEK Participates in Special Reception for ICE Members and Distinguished Guests in Africa.

Wednesday, 8<sup>th</sup> October 2025

**T**he Institution of Engineers Kenya (IEK) participated in a special reception of Institution of Civil Engineers (ICE) Members and guests in Africa. The evening highlighted civil engineering achievements across Africa, featuring local project presentations that showcased innovative infrastructure developments in the region. Guests enjoyed light refreshments and networking, creating opportunities to exchange ideas and experiences. ICE formally recognized the cooperation agreement signed with IEK in January 2025, emphasizing their shared commitment to knowledge exchange, professional development, and collaboration among engineers in Africa. Attendees also engaged with representatives from the ICE Africa Regional

Committee, which represents over 1,100 members across sub-Saharan Africa.

The reception provided a platform for celebrating engineering achievements, fostering professional connections, and strengthening collaboration between IEK and ICE, further promoting innovation and excellence in Africa's engineering community.

## IEK Participates in World Standards Day Celebrations

**Tuesday, 14<sup>th</sup> October 2025.**

**T**he Institution of Engineers of Kenya (IEK) joined the World Standards Day organized by Kenya Bureau of Standards (KEBS)

themed “Shared Vision for a Better World: Spotlight on SDG 17 – Partnerships for the Goals.”

The event highlighted the vital role of standards as a universal language connecting government, industry, and consumers. Speakers emphasized how standards drive quality assurance, innovation, and sustainable development, both locally and globally.

The celebrations were graced by distinguished guests, including Hon. Lee Kinyanjui, Cabinet Secretary for Investments, Trade and Industry, and Dr. Juma Mukhwana, PhD, CBS, Principal Secretary, State Department for Industry. Participants were encouraged to embrace local manufacturing efforts while leveraging international partnerships to boost cross-border trade, as Kenya continues to forge agreements that strengthen economic collaboration and industrial growth.

Representing the Institution were Eng. Lilian Kilatya - IEK Council Member and Dinah Kendi - Partnership and Relationships Officer.

IEK’s participation underscored the institution’s commitment to promoting engineering excellence, innovation, and sustainable development through standards that benefit both industry and society.

## The Engineers' Corner

### Eng. David Jomeli (Malidadi) - Civil Engineer

#### 1. What motivated you to become an engineer?

I initially wanted to be an architect because I have talent in Drawing and painting. Secondly I have 3 relatives who are also Architects so I thought it wouldn't be bad if I joined the group. But I realised Civil Engineering has many applications plus we could come up with our own build up of unit rates for Buildings, Roads, Water projects, infrastructure etc.

#### 2. You've been involved in TVET curriculum development (e.g. scaffolding diploma, competency models). How do you ensure that curricula remain relevant to evolving industry needs?

I have been actively involved in the TVET sector through curriculum development with CDACC and TVETA for the Diploma Level 6 in Scaffolding, the four-year Bachelor of Technology in Civil Engineering, and the Occupational Standards for the Diploma in Building and Civil Engineering at the Technical University of Mombasa.

Last year, I visited Germany to gain a deeper understanding of the Dual TVET Training Programme, which we aim to adapt and implement in Kenya to strengthen the link between industry and learning institutions. This approach aligns with key national and regional development frameworks, including the Bottom-Up Economic Transformation Agenda (BETA), Vision 2030, NYOTA, Agenda 2063, and the UN Sustainable Development Goals.

#### 3. What role do you believe mentorship and "hands-on" learning should play in training engineers and technicians, in contrast to purely theoretical classroom work?

Attachments, internships and Mentorship play a significant role in training the young professionals. If you take an example of Lamu County they have the Lamu Timber doors ,windows ,furniture and boatmaking....these guys are prime examples of Recognition of Prior Learning.....a young person stays close to a skilled mentor for up to 4 to 5 years learning all attributes related to the skills of that field.

#### 4. What's one technical project you've worked on recently that you're particularly proud of?

The Proposed Mokowe Fish Landing site that has a Jetty and Proposed Offices for Kenya Marine Fisheries Socioeconomic Development Project (KEMFSED). These are world bank projects and I am also part of the team of consultants for Quality Assurance/ Quality Control and ensuring compliance with ESG/ EHS. The Projects are ongoing and had their fare share of challenges but we were able to straighten them out .

#### 5. When did music first become a part of your life, and what pushed you to start creating your own songs?

In my early years, I found music and art to be very therapeutic for me. I wish more people understood just how healing it is. Creating music allowed me to express a different side of myself, one that's free and uninhibited by any boundaries.

#### 6. Name your favourite song that you wrote or performed and what inspired you to write it?

My Best performance is " Born Again" it's got nothing to do with Christianity but a lot to do with starting afresh in life.

## The Engineers' Corner

Eng. David Jomeli (Malidadi) - Civil Engineer

**7. Every artist has a persona on stage, what's your stage name, and what's the story behind it?**

They call me " Jomeli Malidadi ".....I had that name just after High school and it's stuck.

**8. If your journey had a soundtrack, which song would capture it best?**

Notorious Big - Sky is the limit

**9. What's something fun or unexpected about you that even your colleagues might not know?**

Something unexpected is most of my Friends or Colleagues speak to me in English but my first language is Kiswahili therefore am always translating.....my default language is Kiswahili even if I dream of talking to an American or British.....my dreams on that subject come in Kiswahili. I prefer swahili because am very fluent in it.

**10. If you were commissioned to design a monument for Kenya's at 100 years, what would it look like, and where would you put it?**

A Monument would be a big statue of a man and woman wearing a Kenyan made outfit that would be recognised internationally. The statues would be in every County Commissioners courtyard in the Republic of Kenya.

**11. Share some "methali's" to sum up your outlook on life?**

Muongwana hununa moyoni sio usoni.

Mti wenye kutoa matunda ndio hupigwa Mawe.

**12. If one day you were asked to summarize your engineering journey in one word/phrase, what would it be?**

Work smart

27TH - 31ST OCTOBER 2025

**TRAINING**

**PUBLIC PRIVATE PARTNERSHIP FOR CRITICAL INFRASTRUCTURE PROJECTS TRAINING**

27th-31st Oct, 2025 | Lake Naivasha Resort

**Why Register**

- Gain Expertise in PPPs:** Learn from industry leaders about structuring and managing successful Public Private Partnership projects.
- Understand Legal Frameworks:** Stay updated on the latest legal and regulatory considerations in PPPs.
- Discover Best Practices:** Explore case studies of PPP projects and understand strategies for effective implementation.
- Expand Your Network**
- Earn Continuous Professional Development Points (CPDs).**

**Target Audience:**  
Engineers, Architects, Urban Planners, Project Managers, Government Officials, Investors, Financial Analysts, Legal Professionals, and other stakeholders involved in infrastructure development and the built environment.

**CHARGES:**  
Members - Ksh 75,000  
Non-members - Ksh 80,000

**18 CPDs**

### OBJECTIVES OF THE FUND

- a. Pay a token of last expenses of deceased members/ or their families.
- b. Supplement last expense budgets.
- c. Assist with financial needs associated with the loss of life.
- d. Contribute to member's wellbeing during demise or loss of dependents.

### FUND COVERS

- i. Principal IEK member
- ii. Spouses
- iii. Children
- iv. Parents and Parents in Law of the member

### PREMIUM RATES (PER FAMILY)

The applicable rates of premium (2024/25) per benefit option are detailed below:

Category Main Package	Option 1	Option 2	Option 3	Option 4	Option 5	Option 6	Option 7
Principal Member	50,000	100,000	150,000	200,000	300,000	400,000	500,000
Spouses (Max 1 per member)	50,000	100,000	150,000	200,000	300,000	400,000	500,000
Children (Max 4 per member)	50,000	100,000	100,000	200,000	200,000	200,000	200,000
Parents & Parents in Law (Max 4 per member)	50,000	100,000	150,000	150,000	150,000	150,000	150,000
Renewal Annual Premium per Family	2,100	4,200	6,300	7,700	11,200	14,560	16,800
Parents & Parents in law - Age 81 to 90 Years	1,820	3,220	5,880	5,880	5,880	5,880	5,880
Additional Premium per Child (KES)	350	700	700	1,400	1,400	1,400	1,400
Individual Principal Members - Age 21- 50 years	420	700	1,050	1,680	2,520	3,920	5,600
Principal Members - Age 71 to 80 Years	1,680	3,080	5,740	5,740	5,740	5,740	5,740

**Note:**

- Administration charges: premiums less than Kes 10,000 add a fee of Kes 500; premiums greater than Kes 10,000 add a fee of Kes 1,000

*Be visible, grow your Brand **Advertise with Us!***

The Engineering in Kenya Magazine is published by the Institution of Engineers of Kenya (IEK). The magazine has a wide audience amongst Engineering professionals and beyond, including stakeholders and policy makers both in public and private corporate entities.

Advertising with us will bring you to the attention of these stakeholders and give you the opportunity to grow your market. Our print run is 3,000 hardcopies and over 229,000 in digital circulation, bimonthly.

*Get noticed in our next edition. Reach out to the IEK secretariat on 020 2729326; 020 2716922 or via email to: [editor@iekenya.org](mailto:editor@iekenya.org)*

Yours faithfully,  
Eng. Jacton Mwembe, PE, MIEK  
Honorary Secretary  
The Institution of Engineers of Kenya
