KEY AGENDA ITEMS WHICH I INTEND TO PURSUE AS AN ORDINARY COUNCIL MEMBER	<ol style="list-style-type: none">1. Mentor Graduate Engineers to transition to Professional Engineer status<ul style="list-style-type: none">✓ I am a proponent of free PIP sessions to the Graduate Engineers✓ Mentor Graduate Engineers in a broader sense by ensuring the process is properly institutionalized with readily available templates in the IEK website for posterity.✓ IEK to incorporate the use of technology in the registration of Professional Engineers so that we eliminate any need for physical interview.2. Champion the implementation of the local content in all public sector projects<ul style="list-style-type: none">✓ To sensitize fellow Engineers in other public institutions to incorporate the requirements for local content when preparing their tender documents of Works and Services.✓ Strive to ensure all public projects incorporate Engineering students on paid internship and GE's for practical experience.✓ Strive to ensure IEK publishes on its website a list of all on-going public projects with full details of Client, Consultant, Contractor, sub-contractor and the details of the local Engineers engaged by each entity (PE, GE's and Student Engineers).3. Empower the Engineers through effective implementation of the Engineers' Act<ul style="list-style-type: none">✓ Ensure effective implementation of the requirements for registration of Engineering Consultancy Firms (local or foreign)✓ Ensure effective registration of foreigners as Temporary Engineers in line with provisions of the Engineer's Act (2011) and Engineers' Rules
