

BIO

I am **Eng. Shammah Kiteme**, a corporate member of IEK and a Registered Professional Civil Engineer with EBK. I have over 10 years work experience rising from Assistant Engineer to Director of Engineering in a big Organization in Kenya where I was reporting to the CEO and overseeing over 200 employees offering technical, managerial and leadership as an Executive.

I founded an Engineering firm CengProm Services Ltd. Civil Structural Engineers and Project Managers where I am a Principal Engineer and Director of Projects.

MY ACHIEVEMENTS

In the IEK 2018-2020 Council, I was able to: -

1. Chair the strategic planning committee that consultatively delivered the IEK strategic plan 2019-2023.
2. Represent IEK in the review of the Building Code- 2020
3. Sit in the National Implementation Committee on Eurocodes
4. Represent IEK in the Coalition of Built Environment Professionals
5. Pursue partnerships with a number of companies
6. Establish networks locally, in Africa and globally

I have delivered for Engineers. I will continue to deliver on the three pillars of ***Advocacy, Welfare*** and ***Empowerment (AWE)*** tied to the implementation of **IEK Strategic Plan 2019-2023**. Please vote for me for the position of **Ordinary Council Member**
