Dear Member,

The IEK Weekly Newsletter offers a roundup of recent Institution of Engineers of Kenya (IEK) events and upcoming ones, activities by the various committees, and any upcoming developments that affect Engineers and the Built Environment.

This newsletter is a roundup of activities in the 3rd Week of July 2026 (IEK/NL/194).

IEK Announces 2026–2028 Council Elections Schedule

Friday, 17th July, 2026

The Institution of Engineers of Kenya (IEK) has officially announced that the 2026–2028 IEK Council Elections will be held on Monday, 27th July 2026, with voting taking place electronically between 6:00 a.m. and 6:00 p.m.

Members of the Institution whose names appear in the officially published Voters' Register will be eligible to participate in the elections. As part of its commitment to conducting a transparent, credible and well-coordinated electoral process, the IEK Election Board has released a comprehensive election timetable outlining the key activities leading up to polling day. The election programme commenced with the second meeting between the Election Board and candidates on 16th July 2026, followed by the resumption of campaign activities. Members will receive the updated Voters' Register together with the revised election timetable on 17th July 2026.

To enhance confidence in the electoral process, IEK has scheduled a series of preparatory activities, including the training of election scrutineers, presentation of the Electronic Voter System to candidates and their agents, voter sensitization sessions, mock elections, and validation of the live production environment ahead of polling day. Campaigns will officially conclude at 11:59 p.m. on Saturday, 25th July 2026, allowing sufficient time for final system validation before members cast their votes on 27th July 2026.

Following the elections, the Election Board will determine any election-related disputes by 3rd August 2026, while the official declaration of results by the scrutineers will take place during the Annual General Meeting on 6th August 2026.

IEK encourages all eligible members to verify their inclusion in the Voters' Register, familiarize themselves with the election timetable and actively participate in the electoral process. The elections provide members with an opportunity to shape the Institution's leadership and contribute to the continued advancement of the engineering profession in Kenya.

CANDIDATES FOR ELECTION TO THE 2026 – 2028 IEK COUNCIL

POSITION OF THE PRESIDENT

1. ENG. BUTICHI R. KHAMISI
2. ENG. JACTON MWEMBE ACHIENG
3. ENG. HARRISON KIPLIMO KETER
4. ENG. STEPHEN PHANUEL OMONDI

POSITION OF THE 1ST VICE PRESIDENT

1. ENG. HOWARD M'MAYI

POSITION OF THE 2ND VICE PRESIDENT

1. ENG. JOHN ROBERT OTIENO OGALLO

POSITION OF THE HONORARY SECRETARY

1. ENG. GRACE MUTHONI KAGONDU
2. ENG. DR. ELISHA AKECH
3. ENG. CEDRIC OBONYO KHASENYE
4. ENG. ROSANA M. CLINTON
5. ENG. LILIAN MUMBUA KILATYA

POSITION OF THE HONORARY TREASURER

1. ENG. JENNIFER ATIENO NYAMBALA
GACHE
2. ENG. ANNETTE INGAIZA MURAMBI
3. ENG. SIMON N. KIMANI
4. ENG. STARIKO NYAMORI

POSITION OF THE ORDINARY COUNCIL MEMBER

1. ENG. DR. DAMARIS OYARO
2. ENG. DAVID EVANS JOMELI
3. ENG. NASHON ONYANGO
TAMBO
4. ENG. JASPER K. IRERI
5. ENG. MOHAMUD IBRAHIM
MATHOPE
6. ENG. SOLOMON MUTHOKA
7. ENG. JAMES KARORI

2026 – 2028 IEK COUNCIL ELECTIONS CANDIDATE MANIFESTOS

HONORARY TREASURER

2026 – 2028 IEK COUNCIL ELECTIONS CANDIDATE MANIFESTOS

2026 ELECTION

VOTE ENG. SIMON KIMANI

My Agenda

- 1 Strengthening Professional Development Opportunities**
Prioritize allocation of financial resources to CPD programs, technical conferences, and engineering forums—such as the annual IEK Conference—to enable more engineers to access knowledge, innovation, and professional networks.
- 2 Introducing Redeemable Value for CPD Points**
Develop a framework where CPD points translate into tangible benefits, including subsidized participation in professional events and potential reductions in annual licensing, fees for engineers.
- 3 Supporting Graduate & Young Engineers**
Promote mentorship programs, training opportunities, and professional development.
- 4 Strategic Investment in Engineering Infrastructure**
Support prudent financial planning and sustainable investment in knowledge centers, training facilities, and IEK institutional assets that benefit both current and future engineers.

FOR HONORARY
TREASURER

Strengthening IEK Finances to Empower Engineers.

2026 – 2028 IEK COUNCIL ELECTIONS CANDIDATE MANIFESTOS

ORDINARY COUNCIL MEMBER

2026 – 2028 IEK COUNCIL ELECTIONS CANDIDATE MANIFESTOS

ORDINARY COUNCIL MEMBER
2026

WHY VOTE
ENG DAVID JOMELI P.E. MIEK?

- GLOBAL EXPOSURE**
Benchmarking trips to USA 🇺🇸 Canada 🇨🇦 & Europe 🇪🇺 with VISA support
- GROW WITH US**
Internships, attachments & career advancement
- BALANCE & THRIVE**
Work-life balance, wellness programs
- DIVERSITY & INCLUSION**
Equity programs embracing **all engineers**

VOTE
ENG DAVID JOMELI
ORDINARY COUNCIL MEMBER

Building a Better Tomorrow:
Empowering Engineers, Empowering You!

LET'S ENGINEER **A BRIGHTER FUTURE TOGETHER**

2026 – 2028 IEK COUNCIL ELECTIONS CANDIDATE MANIFESTOS

VOTE

ENG. MOHAMUD MATHOPE, PE **Mechatronics Engineer** IEK ORDINARY COUNCIL MEMBER 2026-2028

Stronger Professional Recognition

Championing policies and initiatives that elevate the status, credibility, and influence of engineers in Kenya, ensuring our expertise is respected, fairly rewarded, and positioned at the centre of national development.

Greater Engineer Visibility in National Leadership

Advocating for engineers to take up strategic roles in government, industry boards, and policy-making platforms where critical decisions shaping infrastructure, manufacturing, technology, and economic growth are made.

Active Member Engagement & Participation

Providing inclusive platforms for members across all regions and disciplines to contribute ideas, access opportunities, and actively participate in IEK programs, technical forums, mentorship, and professional growth initiatives.

Strategic Partnerships that Deliver Opportunities

Building strong collaborations with government, industry, academia, and international bodies to unlock jobs, research opportunities, capacity building programs, and innovation-driven projects for the Engineering Fraternity.

Together,
let's usher in a New Dawn for Engineers in Kenya!
Support the Vision. Support the Future.

INTEGRITY | INCLUSION | IMPACT

2026 – 2028 IEK COUNCIL ELECTIONS CANDIDATE MANIFESTOS

ENG. SOLOMON MUTHOKA

Candidate for Ordinary Council Member
(OCM)

2026-2028 IEK ELECTIONS

VISION

To contribute to a stronger **Institution of Engineers of Kenya (IEK)** that promotes professionalism, innovation, and meaningful opportunities for engineers while supporting national development.

MISSION

To serve IEK members with integrity, professionalism, and accountability, while advancing initiatives that empower engineers and strengthen the engineering profession.

KEY STRATEGIC FOCUS AREAS

- **Excellence & Professionalism:** Promoting high standards in practice through CPD, ethical leadership, and adherence to best practices.
- **Strong Policy Advocacy:** Ensuring the profession has a stronger voice in national development, regulation, and strategic decision-making.
- **Engineers Empowerment:** Supporting mentorship, career growth, and industry collaboration, particularly for young professionals.
- **Governance & Integrity:** Promoting transparent leadership and accountable stewardship of IEK resources.
- **Innovation & Digital Transformation:** Encouraging the adoption of emerging technologies and digital engineering solutions.

COMMITMENT

If elected, I will work collaboratively with council members, industry stakeholders, and government institutions to promote initiatives that benefit engineers and society at large.

"Empowering Engineers, Engineering the Future."

VOTE FOR PROGRESS | VOTE ENG. SOLOMON MUTHOKA

2026 – 2028 IEK COUNCIL ELECTIONS CANDIDATE MANIFESTOS

ENG. DESMOND BARONGO NYAGWOKA, PE

For
Ordinary Council Member
— Institution of Engineers of Kenya—

My 5 Pillars for a Stronger IEK

- ▶ **Opportunities for All Engineers**
Advocate for fair opportunities for GE's, PE's, CE's and AC's in projects, leadership, and professional growth.
- ▶ **Inclusivity and Representation**
Promote the inclusion of all members, age groups, and engineering disciplines in IEK decision-making and professional activities.
- ▶ **Protection of the Engineering Profession**
Champion the ring-fencing of engineering services to safeguard Kenyan engineers from unfair competition by unregulated foreign experts and non-engineering professions.
- ▶ **Involvement Participation and Collaboration**
Encourage the active involvement of all engineering disciplines in national development, policy formulation, and IEK programs.
- ▶ **Constitutional Governance**
Support continuous improvement of the IEK Constitution, while respecting quorum and threshold requirements to strengthen democratic governance within the institution.

IEK Women Engineers Summit Returns for Its Second Edition

Friday, 17th July, 2026

When more than 500 engineers, policymakers, industry leaders, academics and development partners gathered in Naivasha in May 2025, few could have predicted that the inaugural IEK Women Engineers Convention would become this big.

Held on 29–30 May 2025 at Sawela Lodges under the theme **"Engineering Excellence in Service Delivery,"** the Convention marked a defining moment for the engineering profession in Kenya. More than a conference, it became a national platform for dialogue, inspiration and action on the role of women in shaping the future of engineering.

The Convention attracted an impressive lineup of distinguished leaders. **Mama Ida Odinga**, Founder and Patron of the Ida Odinga Trust, and **Hon. Harriet Chiggai**, the **President's Advisor on Women's Rights**, graced the event as Chief Guests, lending their voices to the call for greater inclusion, leadership and recognition of women engineers. They were joined by leaders from government, academia, development partners and industry, whose contributions underscored the growing national commitment to gender-responsive engineering and sustainable development.

Across two days, delegates engaged in thought-provoking keynote addresses, technical presentations, panel discussions, exhibitions, mentorship forums and networking sessions. The conversations extended beyond technical excellence to explore leadership, innovation, professional growth and the importance of creating pathways for the next generation of women engineers.

The impact of the Convention extended well beyond its closing ceremony. Among its most significant achievements was the establishment of the Women Engineers Summit as an annual flagship programme of the Institution of Engineers of Kenya, providing a dedicated platform to celebrate achievements, nurture emerging talent and strengthen the voice of women within the profession.

The Convention also reaffirmed the need to accelerate gender equity in engineering by increasing women's participation in leadership, governance and technical decision-making. Delegates called for stronger

IEK Women Engineers Summit Returns for Its Second Edition

Friday, 17th July, 2026

mentorship programmes, greater collaboration between academia and industry and enhanced partnerships that would enable women engineers to contribute more effectively to national development priorities.

Perhaps most importantly, the inaugural gathering demonstrated the power of collaboration. Government agencies, private sector organizations, universities, development partners and professional institutions came together with a shared purpose—to strengthen engineering excellence while building a profession that is more inclusive, innovative and representative of Kenya's diverse talent.

The success of the Convention was made possible through the support of a broad coalition of partners. Engineers Board of Kenya (EBK) and Kenya Electricity Transmission Company Limited (KETRACO) served as Platinum Sponsors, while KenGen, Vilcom, Kenya National Police DT Sacco, Chege Kibathi & Company Advocates LLP, Kentaineers Group, and Viscar Industrial Capacity Limited joined as Bronze Sponsors. Tropical Heat supported the event as the In-Kind Sponsor, with Masinde Muliro University of Science and Technology (MMUST) participating as an exhibitor.

The Convention further benefited from the participation of leading institutions including KeNHA, Geothermal Development Company (GDC), National Housing Corporation, National Irrigation Authority, ISUZU East Africa, KEBS, MAPEI, Lake Victoria South Water Works Agency, Nyeri Water and Sanitation Company (NYEWASCO), Citizen Advancement Initiative (CAI), the East African Community (EAC) and UNESCO, reflecting the broad national and international support behind advancing women in engineering.

Now, building on that remarkable foundation, the Institution of Engineers of Kenya is preparing to host the 2nd Women Engineers Summit, a gathering expected to be even larger, more influential and more impactful.

Scheduled under the timely theme "Advancing Smart Intelligent Engineering Solutions for a Resilient Future," this year's Summit reflects the evolving role of engineers in addressing the challenges of a rapidly changing world. As emerging technologies, artificial intelligence, digital infrastructure and climate resilience continue to redefine engineering practice, the Summit will provide a platform for exploring how

IEK Women Engineers Summit Returns for Its Second Edition

Friday, 17th July, 2026

women engineers are leading innovation across every sector.

The second edition aims to deepen conversations on smart engineering solutions, strengthen professional networks, expand mentorship opportunities, showcase cutting-edge innovations and inspire the next generation of engineering leaders. It also seeks to reinforce the partnerships forged during the inaugural Summit while creating new avenues for collaboration among government, industry, academia and development partners.

What began as a bold vision in 2025 has evolved into a movement. As delegates once again gather under the IEK banner, the Women Engineers Summit stands not only as a celebration of progress but as a catalyst for the future where innovation, leadership and inclusion converge to build a more resilient Kenya through engineering.

FIDIC Certified Contract Manager Training Successfully Held

13th - 17th July, 2026

The Institution of Engineers of Kenya (IEK) successfully conducted its FIDIC Certified Contract Manager Training from 13th–17th July 2026, bringing together engineering professionals, project managers, construction managers, contract administrators and team leaders for an intensive week of internationally recognized professional development. The training reinforced IEK's commitment to building the capacity of engineering professionals by equipping them with globally accepted contract management knowledge and practical skills.

The programme was officially opened by Eng. Hilary Nyaanga, Chairperson of the IEK Caretaker Committee, who emphasized the importance of effective contract management in delivering successful infrastructure projects. He noted that continuous professional development remains central to strengthening the engineering profession and ensuring that practitioners are well prepared to manage increasingly complex projects in line with international best practices.

Throughout the week, participants engaged in comprehensive learning sessions covering key aspects of FIDIC contract administration, including risk allocation, claims management, dispute avoidance, contractual obligations and effective project delivery. Interactive discussions and practical case studies enabled participants to apply the principles to real-world engineering scenarios while sharing experiences from across the profession.

The training also provided an important platform for networking and knowledge exchange among professionals from both the public and private sectors. As infrastructure development continues to expand across Kenya and the region, the programme highlighted the growing importance of internationally recognized contract management competencies in ensuring quality, accountability and successful project implementation.

The Energy (Solar Water Heating) Regulations, 2025

Dear Member,

There's a significant regulatory shift in the energy sector.

On 9th July 2025, the Cabinet Secretary for Energy and Petroleum gazetted the Energy (Solar Water Heating) Regulations, 2025.

These regulations establish a mandatory framework for the entire solar water heating value chain in Kenya. Whether you are involved in manufacturing, importing, selling, or simply maintaining these systems, these rules now apply to your operations. Under these regulations, all persons and entities involved in the importation, manufacture, sale, installation, or repair of solar water heating systems must be licensed by the Authority.

Compliance Deadline: All entities are required to comply with all aspects of these regulations within one (1) year from the date of gazettelement (by July 2026).

EPRA has launched an online system for licensing applications for both workers and contractors. You can access the necessary documents and application portals via the links below:

- Licensing Guidelines:
[Download Application Guide](#)
- Official Regulations:
<https://epra.go.ke/energy-solar-water-heating-regulations-2025>

Please ensure you review these requirements promptly to avoid any operational disruptions as the compliance deadline approaches

IMPORTANT UPDATES

REWARD MECHANISM FOR MEMBERS SUPPORTING RESOURCE MOBILIZATION

Each mobilized resource is tied to a specific event, and members may choose either a delegate fee waiver or a 5% commission.

AMOUNT MOBILIZED (KES.)	DELEGATE FEE WAIVER
100,000 - 249,999	25% waiver
250,000 - 499,999	50% waiver
500,000 - 999,999	75% waiver
1,000,000 and above	100% waiver

Integrity: Members will not be allowed to mobilize funds from their current employers or organizations where they work, particularly if these are regular or existing IEK partners, to avoid conflicts of interest.

Existing Partners: Contributions from existing or regular IEK partners will be excluded from the incentive scheme. This is intended to motivate members to pursue new partnerships and grow IEK's funding base.

Terms and Conditions, including applicable taxes, apply.
